1 PROJECT STATUS REPORT PURPOSE

[Replace this text with a summary of the report's purpose in reference to your specific project needs, or use the sample text below.]

The Project Status Report is a document that Project Managers may use as a means of formal regular reporting on the status of a project to key project stakeholders, including the Steering Committee, Project Sponsor, and Senior Manager.

2 PROJECT STATUS REPORT TEMPLATE

2.1 Project Status Report Details

This status report focuses on the variations needed to be made to the documentation from the previous term of project based learning.

- Update Documentation, Developing application.
 - For the group to create an automated time monitoring system, the group must know and understand the current housekeeping procedures. The main purpose of the proposed system is to provide the client a better and faster to accomplish task. Having said the proposed system of the group's project it would be efficient as well as the consuming of paper will be lessened. The housekeeping operatives will be able to login using a QR (Quick Response) code which is faster than before, and they can able to report to the manager and supervisor without a hassle.
 - Create new application, Revise Activity Diagram, Review Related Literature.
 - Revision of document
